Hello Jennifer:

My name is Dan Duncan and I work for the Nishnawbe-Aski Police Service. I am the Information Technology Systems Coordinator. Part of my responsibilities include, researching and recommending purchases of office equipment.

Two years ago I began a relationship with Xerox in our Northeast Regional Office located in Cochrane, Ontario where we leased a new Xerox copier. We had previously used Sharp and Canon products. We now have Xerox copiers in our General Headquarters and both our Regional Offices as well as many of our detachments. (We have over 30 detachments spread over Northern Ontario from the James Bay coast to the Manitoba boarder)

Karyn has always made good recommendations and managed the upgrade of competitive equipment successfully. We have taken advantage of the Xerox program where they buy out our existing lease and we obtain newer technology equipment at less per month cost.

I will always give Karyn the opportunity to quote on equipment needed by our service and would like to give her good recommendation to any business that relies on their equipment to work properly for them.

If you would like to speak to me in person please contact me at the numbers listed below.
