**Mrs. Karyn Loree-Spacek
Kap Data & Systems Limited
3 Byng Avenue
Kapuskasing (ON) P5N 1W2**

Karyn,

Its is with great pleasure that I would recommend Kap Data & Systems Limited for their professionalism and the quality of the service they render to their clients.

As Principal of École secondaire Cité des Jeunes in Kapuskasing from 1995 until 2001, photocopying machines were often the thorn in my side except when dealing with Xerox and more precisely yourself. The equipment, the price and the service purchased through your office were above board and I always enjoyed doing business with you in particular.

I also had numerous dealings with you last year, between June and October and you were always very attentive to our Board's requests and concerns. We enjoyed doing business with your firm, through you, since you are in regular contact with many of the schools and that the quality of the service you provide is a direct reflexion on the success of your business. You always ensured quick and satisfying solutions to our requests.

If Kap Data & Systems were to be responsible for the Xerox sales and services for the majority of the area covered by our Board, we would be more that thrilled to work in partnership with you if that be the case.

.../2

You have always demonstrated pride in your work, genuine concern with arising problems, timely responses and reputation of product. It has been a pleasure working with you.

If I can be of further assistance please do not hesitate to contact me.
