To: City Clerk, Town of Thunder Bay
Re: Waterfront Committee

I have known Karyn Loree-Spacek for several years, however; our relationship became much closer in the last 3 years when we both ran for municipal politics.

I am presently a councilor for the Town of Kapuskasing, Ont. Before running for council I paid special attention to Karyn's decision making skills as a councilor (**Public Works Portfolio**) for the Town of Kapuskasing at the time. She has provided me with valuable tools to make informed decisions.

Karyn processes good organizational and communication skills, interacts well with others, makes informed decisions, is reliable and analytical.

I have had the opportunity to do business with Karyn through the purchase of Xerox equipment. She stands true to her product and provides excellent customer service.

I feel strongly that Karyn should be considered and appointed to the Thunder Bay Waterfront Committee, as she will be focused on making a difference and securing a positive result. She is the type of person you look to for sound advice and constructive answers. Karyn has a pleasant manner which allows people to be drawn to her when she speaks.

Karyn ran for Mayor of Kapuskasing in November 2003. With only **one** term on council under her belt she was able to achieve phenomenal results against an opponent with many years experience.

Karyn is a family oriented person and will always work hard in any community she and her family live in. She will work tirelessly to achieve a good quality of life for her family, friends and the citizens of Thunder Bay.

In closing I make the comment that Kapuskasing has lost a pillar of our community. I am confident Thunder Bay will reap the rewards once Karyn is appointed to the Thunder Bay Waterfront Committee.

Please feel free to contact me at 705-335-2228 or www.rhyno676@hotmail.com for further information.

Best Wishes to the City of Thunder Bay in their endeavors to making a difference.

Yours truly,

Martha-Lee Riopel
Councilor
